SACC SUMMIT

DETROIT, MI - SEPTEMBER 13-15

SMART, SAFE AND SUSTAINABLE

THURSDAY - SPEAKERS

JONAS WENDEL

Deputy Chief of Mission - Embassy of Sweden

Welcoming remarks and reflections on transatlantic relations and state of affairs. Joined by Ambassador Tom Siebert for a conversation on NATO and the accession process.

CHARON MORGAN

Vice President of Engineering - Autoliv Americas

With extensive experience in developing organizations through strategic innovation and disciplined execution, Charon will highlight how Autoliv Americas has adopted and executes the Smart, Safe and Sustainable concept.

ANDERS HÖGBERG

General Manager - Atlas Copco

Join Atlas Copco in celebrating 150 years of innovation and hear about the ingredients to industrial success; Swedish industrial tools at its best.

KEITH BRANDIS

Vice President, Partnerships and Strategic Solutions -

Volvo Group

An introduction highlighting Volvo Trucks three pillar strategy for decarbonization while still rolling and transporting. Followed by an armchair conversation with David Muyres.

DAVID MUYRES

Chief Commercial Officer and co-founder -

Streetscope

With a vision and passion, David will speak to transforming the automotive industry. David provided testimony on the Detroit bailout and future of the US automotive industry to Rep. Ed Markey's House Select Committee on Energy Independence and Global Warming in Washington, D.C.

TOM SIEBERT

Former Ambassador of the United States to Sweden

Joining Jonas Wendel in a conversation on Sweden and NATO seen from a geopolitical and historical perspective.

MIKE DUGAN

Regional Sales Manager, Michigan - Axis Communications

Get the skinny on the technologies of Axis

Communications. With an origin in Lund, Sweden, Axis Communications contributes to a safer US and beyond, from surveying state installations to identifying robbers.

MAUREEN KRAUSS

Chief Executive Officer - Detroit Regional Partnership

As a result of strong job growth, advanced manufacturing leadership and a low cost of business, Michigan now ranks in the top ten states for doing business. As the CEO of Detroit Regional Partnership, Maureen will share her insights on how Michigan has managed to develop a successful business landscape.

ISAK LÖFGREN

Chief Executive Officer - KASI Technologies

A Swedish effort to alter existing car fleets for a more sustainable future. The NESS product of KASI Technologies can speed up the electrification of all existing car fleets in Europe.

MICHAEL SALTER

Senior Program Manager - Green Transition Initiative

Gain insight into a Swedish mindset of green transition through research and innovation. The Green Transition Initiative pairs Swedish innovation with US market and demand.

A big thank you to our sponsors, Atlas Copco, Autoliv, Axis Communications, Forte Belanger, KASI Technologies, SSAB and Volvo Trucks.
